How do we onboard new team members to TCJ?

- Checklist of IT onboarding
- **Onboarding journey for each new hire**
  - **Deep dive: Agile bootcamp**

TCJ can onboard batches of Journey Team members through an agile bootcamp

The bootcamp is a rapid and focused learning program to prepare the Journey Team for kick-off

- The bootcamp is a focused immersion session to learn and practice how the Journey Team will operate
- The Journey Team spends several days participating in intense learnings before taking those learnings and applying them in practice on the job
- The bootcamp is designed to work in fast forward mode and build participants' understanding of the improvement process and their confidence to apply it
- The bootcamp delivers improved capabilities, organizational alignment and better engagement for the transformation journey ahead

The bootcamp involves plenary sessions and hands-on exercises to drive learning and involvement
